Our Program

We have been providing music lessons to Primary School students for over 15 years and pride ourselves on the highest quality of music tuition. We provide the foundations for an ongoing love of music in a fun and encouraging environment. We believe that learning an instrument builds children's confidence, creativity, and patience. It also improves memory, develops discipline via practise, and gives children a sense of achievement.

Our keyboard program develops children's note-reading skills, finger control, as well as co-ordination and aural skills.

We provide a written report twice per year and have an annual performance day.

We believe we offer an affordable and high-quality program that introduces children to the exciting and rewarding world of music.

Terms and Conditions

All children are enrolled for the duration of the term. Should you wish to discontinue lessons, notice must be received prior to the commencement of the next term, to avoid additional term fees.

Any fees that remain unpaid for over 90 days will be forwarded to debt collection, incurring additional costs. Please contact us if there are difficulty with payments.

All teachers employed by Music Foundations are holders of Working with Children Checks, and are fully aware of all the CCYP requirements and standards.
